

Frontiers of Test Validity Theory: Measurement, Causation, and Meaning
Keith A. Markus and Denny Borsboom

Errata Sheet¹
14 April 2014

Page 58 (Section 3.3.1 Reliability and Validity): The unnumbered formula should appear as follows.

$$r(T_X, T_Y) = r(X, Y) / \sqrt{r^2(X, T_X) \times r^2(Y, T_Y)}$$

¹ Our thanks to Thomas Goettsche for reporting the error listed.
